

Access Services

Mobility Devices

Our Access buses are equipped with hydraulic lifts that have height and weight restrictions. Equipment larger than 33' (83cm) wide and 50" (126cm) long cannot be accommodated. The combined weight of passenger and mobility aid must not exceed 750 pounds.

All mobility devices must be in good condition for transport (i.e. Air in tires, Working brakes)

Safe Pick Up Locations

All ramps and walkways must be safe, non-slip, in good repair and clear of debris, ice and snow.

For safety of everyone, drivers will not take mobility devices up or down more than 1 vertical step.

Access Transit**

Access Transit Service...

is a shared ride, door to door service that operates within the City of Brandon limits. Drivers assist passengers from the exterior door of pick up location to the exterior door of the destination location.

Any individual who is unable to use regular transit some or all of the time, due to a physical, cognitive or functional disability, may be eligible for door-to-door Access transit service.

Who is Eligible for Access Transit Service?

Eligibility is granted based on an evaluation of the client's real needs, which takes into account the client's ability or inability to use the regular, fixed route transit system. A person may qualify for the following reasons:

- Requires the use of a mobility device
- Inability to board a regular transit bus
- Inability to walk 1 block or to nearest bus stop
- Unable to utilize regular transit due to a disability

Please note: Elderly and blind persons able to board public transit are not automatically eligible.
